ABOUT THE AUTHOR

If there were just one word that could be used to describe my heart for God and young children it would be "insatiable". I believe that you can experience the purist form of God's love when giving love to

children. There is no greater reward than having mastered the art of loving children "where they are" and then teaching and encouraging them to be who God has called them to be. So it is from this special assignment that the "Kingdom Kids: Speak Life Declaration Series" was birthed.

I have over 25 years of experience working with children in Elementary schools (reading recovery and special needs), The Department of the Army Child Development Centers, and School Age after-care programs.

I have held such positions as, Center Director, Assistant Director, Teacher, and Training and Curriculum Specialist. I love training staff and parents on various spectrums of child development. I also have a wealth of knowledge in Center accreditation with the National Association for the Education of Young Children (NAEYC) and have facilitated trainings on their standards and criteria so that Centers can maintain their accreditation. I look forward to working with you. Thank you for considering a partnership with the "Kingdom"!

This book is also successful in teaching concepts such as; competence, usefulness, a sense of belonging, individuality, imagination, diversity, friendship, uniqueness, creativity and intelligence just to name a few. The kids will take you on a journey of self-discovery all while sharing the word of God.

Proverbs 18:21a says that
"death and life are in the power of the tongue"

What We Believe

We believe that the Word of God is alive and active and that God is His Word! We believe that if we declare a thing according to Job 22:28 it is therefore established and the light of that truth shall guide the way of God's children.

We believe we can teach young children that because they are made by God, on purpose, they are exactly who God has created them to be.

The concept is simple, **Speak** Life; the Word of God to young children, **Declare** the promises of God over their lives and **Watch** God do what He says He will do!

OUR MISSION:

- To **Equip, Encourage** and **Empower** young children by teaching them spiritual identity and purpose
- To share the message of God's love through early literacy and Early Childhood Development

OUR VISION:

- To take the word of God and create colorful stories that introduce early literacy while building self-esteem, identity and purpose into children in the early stages of their lives. Just as early childhood education is essential to the growth and development of young children, likewise is their "spiritual" growth and development more vital in the world we live in today. Everything begins and ends with the Word of God!
- To incorporate "Kingdom Kids" Books into child-centered programs and provide support services for parents and educators of young children.
